NEW CAMPUS OPENING IN 2016

Introducing

Our NEW Pretoria Campus on Lynnwood Road

We are excited to formally announce the development of a new R150 million Isa Carstens® Academy in Pretoria, just around the corner from our current Campus in Kings Highway, Lynnwood. The new Campus will be situated on Lynnwood Road, directly opposite Menlopark High School, and will eventually consist of modern educational theory and practical facilities, a state-of-the-art Isa Wellness Salon for students' experiential training as well as A-grade accommodation for 200 students.

When you choose to live on Campus in one of the 3 trendy residences, you can expect to meet new like-minded friends and basically enhance your learning experience by living so close to the Academy.

The Campus will provide a secure and supportive environment that will ease the transition away from home. Through shared experiences and activities on Campus, Isa students will discover and appreciate differences, learn to live more independently, and experience personal growth at an important time in their life.

MORE ABOUT THE ISA CARSTENS® ACADEMY

The Isa Carstens® Academy is one of the most reputable learning institutions for students who wish to follow a career path in the health and wellness industry. Established in 1978, we have a proud history of providing quality education and services to students from all over South Africa and further afield. Our reputation for excellence is built on our adherence to international quality standards and the value of trusted relationships. The Academy was also the first CIDESCO accredited institution in South Africa based on the quality of our programmes.

Today, alumni of the Isa Carstens® Academy can be found all over the world – as owners, managers and/or therapists in wellness centres, cosmetic houses and on luxury ocean liners. They also work in the field of medical aesthetics or as lecturers and researchers.

The Developers

ATTERBURY

Founded in 1994 in Pretoria, Atterbury's main focus is to develop retail centres and commercial buildings. Atterbury has since become one of the leading and largest property development and investment companies in South Africa today. Now together with the Atterbury Trust, which main objective is to plough back into society by creating opportunities, both will become proud shareholders in the new Isa Carstens® Academy Campus and believe that this highly credible institution will go from strength to strength with its expansion into Pretoria.

Since the inception of the Trust, more than 400 students at tertiary level were granted assistance and 180 students have already obtained tertiary degrees with the financial backing of the Trust. Vital financial support is also provided to needy schools and pre-primary schools situated in the western and northern suburbs of Pretoria where infrastructure is improved and teachers' salaries are subsidised.
