This is to certify that Sunette Botha has been working for AS Laser from 1 February 2006 and will be finishing on 31 March 2007. Sunette has a fantastic personality and is very caring and committed to each and every client she deals with. She is very intelligent and has an excellent product and beauty knowledge. She is someone you can always count on, as she is very responsible. Her personality attracts clients to feel secure and comfortable with her. We have enjoyed the time she has been with us and we are sorry to be losing her.

Her job description included:

- Product recommendations
- Analyzing of the skin
- Doing 30 minute Soft Laser Treatments

As the owner of AS Laser, I highly recommend her for a position in any Company, she will be an asset.
